Testimonials – Principles of Business Analytics

Nora Chan

"The Trainer is well-versed in the topic and greatly enhanced my knowledge in the topic and interest in the topic. The course provides a good foundation on business analytics and I look forward to attend the advanced course. Great work!"

Lee Yong Peng

"A good, useful and relevant course which provides knowledge of the project/business framework as well as the technical part. A very knowledgeable trainer."

Daryl Fong

"The Trainer is very experienced and also patient in answering questions."

Goh Eng Leng

"The course is relevant in my area of work. Have learnt a lot over the two days. Instructor is patient and gave detailed explanation and clarification. Well done, good job!"

May Chua

"Lecturer has very good knowledge of business analytics and is able to quote examples for us to relate to. Thumbs up!"
