Graduating from ITE with a perfect GPA, my sights were set on pursuing a Diploma in Interior Design at the polytechnic of my choice! Besides providing a conducive environment for learning and committed lecturers, SP also connected me with the industry, allowing me to intern at one of the largest architectural firms in Singapore. With the solid foundation SP has provided, I dream of setting up my own architectural firm one day!

Muhammad Aliq
Bin Abu Baker
Diploma in Interior Design
Class of 2017
He plans to further his studies at a local university after his national service
(ITE Alumnus 2014)

"I was exposed to countless film-making opportunities such as shooting videos of Team SP at the World Solar Challenge in Australia. I also had the golden opportunity to intern in San Francisco. With SP, It's So Possible!"

SP+ CHEW KENG HAO
Diploma in Visual Effects and Motion Graphics Class of 2015
SP Model Student Award 2015
Tan Kay Yong Gold Medal 2015
Media Development Authority Gold Medal
(ITE Alumnus 2011)
10 Reasons Why SP is Awesome

- **Broaden Your Horizons**
  Enrich your learning experience when you travel overseas for competitions, community service and internships.

- **47 Courses**
  No matter how varied your passions and talents, there’s a place for you at SP.

- **Learn from Industry Professionals**
  You’ll get far listening to SP lecturers with their wealth of industry experience.

- **Scholarships**
  Need help? SP offers a whole range of scholarships to give every student a chance to shine.

- **Internship**
  With SP’s strong industry partnerships, you’ll get to learn and work in renowned companies both locally and overseas.

- **More than 100 CCAs**
  Get ready for an exciting Life@SP with our wide range of CCAs like archery, dragon-boating and sign language. What’s more, you can even create your own!

- **Learning Facilities**
  An AeroHub with life-sized aircrafts; a Cyber Wargame Centre where you’ll learn to defend against digital attacks – discover the joy of SP’s many industry-standard facilities.

- **Easy Accessibility**
  With Dover MRT at our doorstep, SP’s got you covered, rain or shine.

- **Foodie Heaven**
  You’ll never go hungry with SP’s six food courts! There’s even Starbucks, liaoliao, McDonald’s, Ya Kun and more.

- **More than 190,000 Graduates**
  Since 1954, SP has been preparing graduates to be life, work and world-ready, many of whom go on to become successful academics, captains of industry and entrepreneurs.
HOW TO APPLY?

Candidates who are eligible for the Early Admissions Exercise (ITE Graduates) [EAE(I)] or Joint Polytechnic Admission Exercise (JPAE) can apply for admission by completing an online application form.

Early Admissions Exercise (ITE Graduates) EAE(I)
EAE(I) focuses on students who have a strong aptitude and interest in a field related to the diploma course they are applying for. Students will be assessed on a variety of measures, including portfolios and interviews. Students should also meet the minimum qualifying Grade Point Average (GPA) of the diploma course they are applying for.

Eligible Applicants (for 2017 Intake)
- All ITE students who graduate between June 2016 and April 2017.
- Applicants can apply to any SP diploma course. Selection will be based on talent, aptitude, outstanding performance and interest.

Timeline
Online Application
Interested students can apply through the joint polytechnic website at https://aec.polytechnic.edu.sg

EAE(I) applications will commence in June/July every year, for admission into polytechnics in the following year.

Interviews and Selections
Shortlisted applicants will have to go through interviews as part of the selection process.

Release of Posting Results
Offers will be made to successful applicants. EAE(I) applicants may view and accept offers on the online application system within a specific period.

Joint Polytechnic Admission Exercise (JPAE)

Eligible Applicants
- Holders of relevant Higher Nitec / Industrial Technician Certificate (ITC) / Certificate in Business Studies (CBS)
- Holders of relevant Nitec / National Technical Certificates (NTC) Grade 2
- Final semester graduating full-time ITE students including those from the Direct-Entry-Scheme to Polytechnic Programme (DPP)

For JPAE, applicants will apply through the Joint Polytechnic website at www.polytechnic.edu.sg
STRUCTURED BRIDGING MATHS
SP offers two sets of structured bridging maths, specially tailored to meet the needs of all newly-enrolled ITE graduates. ITE graduates who have completed Bridging Maths 1 (ITE) or passed GCE O-level E-maths may be exempted from this programme.

SCHOLARSHIP SCHEME FOR ITE STUDENTS
The SP-ITE scholarship scheme was launched in 2011. This scholarship is specially for top ITE students who enrol into full-time diploma courses at SP.

Scholarship includes:
- Tuition fee sponsorship of $2,500, bond-free
- $1,000 notebook subsidy
- Leadership development under the Singapore Polytechnic Outstanding Talent (SPOT) Programme

Eligibility:
- Singapore Citizen / PR
- Newly enrolled student in any full-time diploma course at Singapore Polytechnic
- Outstanding Nitec and / or Higher Nitec results
- Good CCA records
- Good character

For information on the courses conducted by Singapore Polytechnic, please visit www.sp.edu.sg. The Polytechnic reserves the right to discontinue any courses, alter courses, admission requirements or amend any other information without prior notice.

"During my time at SP, I was given the opportunity to take part in hackathons and competitions. These opportunities have developed in me a strong foundation in IT. I am truly grateful to my SP lecturers who have left huge impacts on my life. I am humbled to receive the Tay Eng Soon Gold Medal in 2016."
