

If you are using Internet Explorer 10 (IE10), you will be required to turn on the compatibility view before beginning with your course application

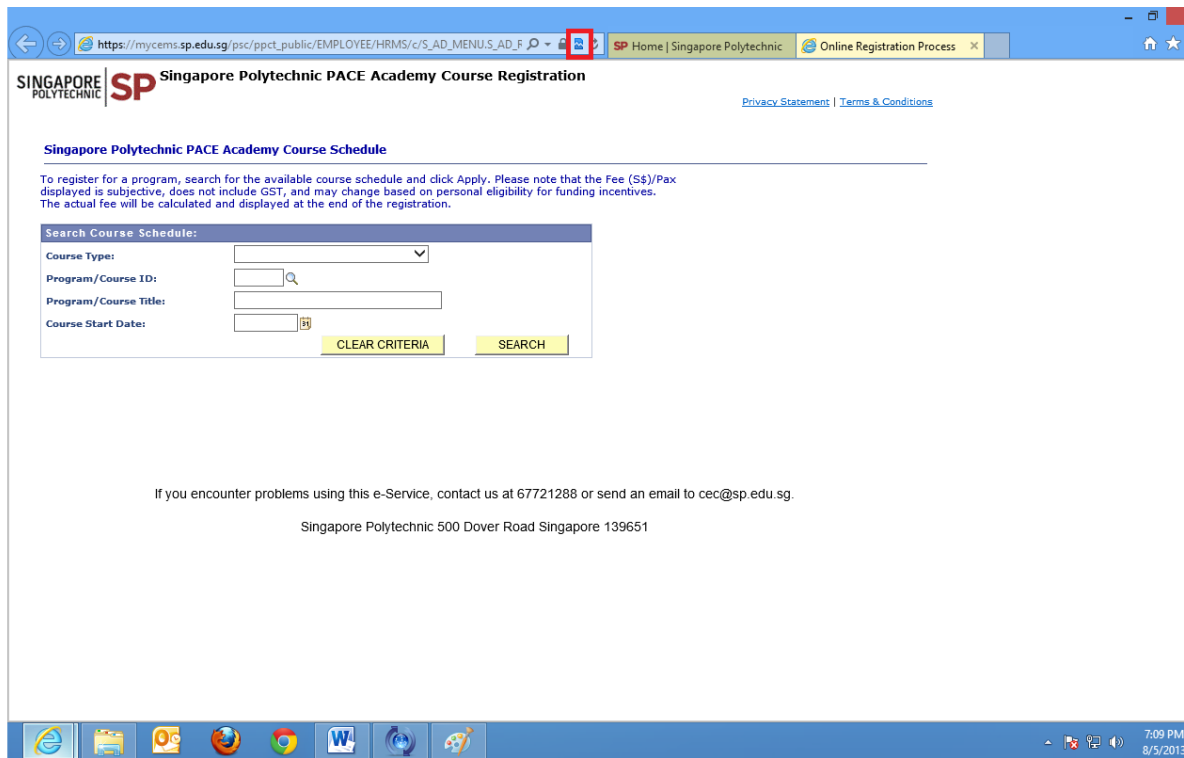

Step 1.

To turn on the compatibility view for IE10, you will need to move your mouse to the address bar, and click on the icon  which looks like a page torn into half.

Step 2.

The icon  will then change to a darker shade of blue . This indicates that the compatibility view is turned on.

Step 3.

You may then proceed with your course applications.
