Armand Izzaq Shaqur, Year 2, Diploma in Business Administration

My passion for learning about robots motivated me to apply for PFP at Singapore Polytechnic. My experience in PFP has been enriching. By skipping the ‘O’ levels, I get to experience a vibrant polytechnic life—participating in various CCAs and building strong foundations in my course and personal life. I am very glad that I made the choice to join PFP!

Titus Tsang, Year 1, Polytechnic Foundation Programme

Since secondary school, I had always done well and liked Principles of Accounting so I knew I wanted to pursue accountancy. PFP offered the perfect foundation for my course and also made my great friends along the way. My experience in PFP was an extraordinary one. Besides skipping the ‘O’ levels, I get to experience a vibrant polytechnic life—attending classes independently and picking up new skills in various CCAs.

Prithpal Kaur, Year 1, Diploma in Accountancy

Visit www.sp.edu.sg/pfp for details and frequently asked questions on the Polytechnic Foundation Programme offered in SP. You may also contact us at 6775 1133 or email your questions to contactus@sp.edu.sg.
What is the Polytechnic Foundation Programme?

The PFP is a one-year programme specially designed for the top ‘N’ Level (Academic) cohort. Instead of continuing with your ‘O’ Level examinations in Secondary 5, you can join SP as part of this programme to prepare yourself for your pre-selected diploma course.

When you enrol in this programme, you will be offered a provisional place in SP. This means that you will need to pass a set of modules in your foundation year in order to progress onto the first year of your diploma course. But not to worry as there will be a dedicated team of SP lecturers who will do their best to help you excel during your foundation year.

Why should you take up the PFP in SP?

- Broad-based and practice-oriented curriculum
- Enjoy interesting and relevant subjects
- Attractive rewards
  - You will be constantly upgrading our environment to assist you in securing your Design Thinking CT.
  - This is a new method of learning and teaching where you explore creative ways to develop solutions to your coursework or projects. SP is the only polytechnic to offer Design Thinking as part of the teaching of core subjects.
- Small group teaching
  - No one is left out.
- Out-of-classroom experience
  - Field trips, industry visits, workshops, and more.
- Leadership camps
  - We give you opportunities to be a leader.
- Sports for Life
  - Whether you prefer sports, music or arts, there is definitely a CCA that will interest you. With over 100 Co-Curricular Activities, there is definitely a CCA that will interest you.
- Scholarships and awards
  - Your hard work will be recognised and rewarded.
- Over 100 Co-Curricular Activities
  - Whether you prefer sports, music or arts, there is definitely a CCA that will interest you.

With SP, it’s So Possible
