

INTERTEK TESTING SERVICES (S) PTE LTD

Intertek is a leading provider of quality and safety solutions serving a wide range of industries globally. From auditing and inspection, to testing, quality assurance and certification, Intertek helps its clients to meet end users' expectations across increasingly diverse quality, health, environmental, safety and social accountability aspects in virtually any market around the world.

Why Join Us?

Our commitment to supporting and adding value for our customers drives everything we do. We deliver innovative solutions to facilitate our customers' success in the global marketplace and, most importantly, we provide our customers with confidence. By leveraging our local service and global network, we enable our customers to dedicate their primary energies to their core business activities. We offer comprehensive programs and services which draw on our industry specific knowledge and technical expertise.

We invite suitably qualified candidates to join us as :

LAB TECHNICIAN (CHEMICAL & METALLURGICAL)

Responsibilities:

- ❖ Perform routine chemical analysis (i.e. acid-base titration, ISE and conductivity check) on various chemical tanks.
- ❖ Perform visual inspection on debris arrested in filters from pass-off engines.
- ❖ Perform density and/or calorific value determination on jet fuel and oil samples
- ❖ Perform routine metallurgical preparation work (i.e. cutting, mounting and polishing) on metallic specimens
- ❖ Preparation of etchants & etching of metallographic specimens
- ❖ Conduct routine metallographic inspection on metallic specimens.
- ❖ Conduct mechanical testing on metallic specimens
- ❖ Provide any other chemical and metallurgical support required by customer.
- ❖ Maintenance of equipments and housekeeping of laboratory.

Requirement:

- ❖ Diploma in Materials Science, Metallurgical Engineering or Engineering related discipline
- ❖ Fast learner with experience working in a laboratory environment
- ❖ Ability to work with minimal supervision and a good team player
- ❖ Flexibility to work extended hours to meet production needs
- ❖ Proficient in Microsoft office Words, Power Point and Excel
